COLLECTIONS

Marcie weeded 'A' and early 'B' authors in Fiction per her weeding schedule. She also weeded Urban Fiction due to lack of space. Katie continues to weed nonfiction based on condition or lack of recent checkouts. Christie and Mary will help with nonfiction weeding. Carol is replacing some TV shows on DVD that have high checkout rates.

Mimi worked with Bookmobile staff on a list of poetry books for April's National Poetry Month. Marcie, with the help of part time AS staff, created an interactive list of adult steampunk titles for this year's Cogs and Corsets Steampunk Festival.

Playaway audiobooks, self-contained audio devices that only require a battery and headphones, have been added to the adult fiction collection. Soon there will also be Playaways in the teen collection, corresponding to a reduction in holdings of teen titles on CD. This is a format that's no longer used by teens.

Book displays this month were on these topics: money matters, March Madness (basketball), crafts, and green books. The teen, movie, and CD displays were all on Women's History Month.

Information Technology Systems Report Jon Whited March 2021

Goal: Explore and implement strategies to improve access to the library and its resources.

We upgraded all the catalog PCs and the public scan stations in the library. We are currently working on upgrading the TeenZone laptops.

We ordered a new 3D printer to replace one of our older cheaper 3D printers. This printer will be setup shortly as we will be doing more 3D printing programs in the near future.

We installed a new copier in Technical Services. Technical services prints a large volume of labels and inserts. The new copier prints at a higher quality and is more reliable than the standard printers that they have been using.

Goal: Provide relevant and innovative services, collections, and programs to meet the emergent needs of our community.

Dale continued with his Dungeons & Dragons group with two more sessions last month. These programs are becoming more popular and are almost always full.

We have a program on how to use Canva to design artwork that can be later used in all different types of media.

We had an Arduino program where the teens learned about setting up the device to create a tone melody.

Upcoming:

We will be going live with the Libraryh3lp chat reference service. The Adult Services staff have been testing this chat reference service for the public, that will allow them to answer both chat and text message questions.

Goal: Provide sustainable services, collections and programs to meet the needs of our diverse community.

- The Illinois Young Reader's Choice 2022 nominee lists are out, and selectors have been busy filling our collection with titles. The awards included are Abraham Lincoln (teen), Rebecca Caudill (teen & children's), Bluestem (children's), and Monarch (children's).

BLOOMINGTON PUBLIC LIBRARY QUOTE COMPARISON FOR GOODS/SERVICES AT A COST OF \$5,000.00 OR MORE OPERATING BUDGET

Department: Administration

Single Source (Y/N): N

1. Vendor Name: Ramsey Geotechnical Engineering

Vendor Remit Address: 1701 West Market Street, Bloomington, Illinois 61701

Vendor Email Address: dramsey@ramgeoeng.com

Quote Amount (include Shipping, where applicable): \$24,325.50

If not Single Source, at least two additional quotes needed:

2. Vendor Name: Testing Service Corporation

Vendor Remit Address: 457 E. Gundersen Drive | Carol Stream, IL 60188

Vendor Email Address: mvm@tsccorp.com

Quote Amount (include Shipping, where applicable): Bloomington is beyond the limits of what they can travel and remain competitive.

3. Vendor Name: Terracon

Vendor Address: 192 Exchange Boulevard, Glendale Heights, Illinois 60139

Vendor Email Address: Daniel.Mabirizi@terracon.com

Quote Amount (include Shipping, where applicable): \$22,400

Recommendation (Include Justification): In addition to posting a request for quotes on the Library website, we sent direct invitations to three firms: TSC, Terracon, and Ramsey. We received no responses from the website but each of the three who were invited to provide a quote, responded in some form:

- TSC indicated that the project was too distant from their nearest base of operations and declined to submit a proposal.
- Terracon's proposal lists fewer borings than required by the request for quotes, with each boring included drilled to a depth less than required by the request for quotes.
- Ramsey Geotechnical Engineering's proposal has the correct number of boring locations, understands the boring depth requirement, clearly defines the CCDD testing in a manner consistent with the requirements of the request for quotes.

Upon review, the Library architectural firm, Engberg Anderson recommend that the Library accept the proposal from Ramsey.
