Phase I Construction and Collections

Collections are moving or have moved! The small collections – Auto Repair, Memory Care, Coffee Table books, Test Prep, World Languages, and audiobooks on CD – are mostly boxed up for storage, with a small portion of the latter three remaining available. The same has happened with SciFi and Fantasy paperbacks. Classics have moved to two bookcases in TeenZone. And the Large Print collection is in progress. The small Atlas collection has been discontinued with a few moving to the Coffee Table collection. The adult Fiction paperbacks have been packed and stored. In the IL Collection, the bound City Council meeting minutes were transferred to the City Clerk's office. The vertical files are being weeded with any Pantagraph articles being recorded. These will be added back in when the index is digitized.

Goal: Provide relevant and innovative services, collections, and programs to meet the emergent needs of our community.

SERVICES

Local artist & gallery owner Joann Goetzinger's art exhibition entitled "Abstract Art" is on display on the first floor.

COLLECTIONS

A Foundation-supported e-resource is being added to the collection: Weiss Financial Ratings.

There were 2 Local History requests: one an overview of the IL Collection resources, in print and digital; the other about the Mclean County Poor Farm.

Sara E worked with Jorgi to get a quick link added to our A-Z Online Resources and Local History pages. Customers can search text and download these directories for free! Information Technology Systems Report
Jon Whited
May 2022

Goal: Explore and implement strategies to improve access to the library and its resources.

We ordered replacement equipment for the majority of the networking equipment located in the server room. It will be necessary during construction to maintain both the new and the old network for at least part of the time.

We are developing software to digitize the Pantagraph index cards. This new software will let us upload the data into a database that can be searched by Library customers. This process is moving along we have tested our OCR reading software and document scanners and have come up with a process for getting this information moved to a digital format.

We upgraded the scanner in the Digital Preservation Studio to a scanner that is able to handle many more formats which we have encountered working with the public. We are currently working to update our documentation to match the new scanner and to create a video documenting how to use the new scanner.

Goal: Provide relevant and innovative services, collections, and programs to meet the emergent needs of our community.

We had a take and make program for teens where they created a paper R2D2 figure with light up led circuits for May the 4th.

We continued with our Dungeons and Dragons program, Abbey one of our new IT part-time staff members created an original adventure that has a library theme. While we no longer market the program, it continues every Thursday. We will be adding additional ways for new players to join shortly.

We had 3 more additional programs during the month, Codeblocks where the Teens used coding to create 3D projects, creating Sprites & Gifs with Pixel art where the Teens learned how to create sprites and Gifs to use in program design and finally, we had a program where the Teens learned to use tickercard to generate codes that create 3D daisies that could later be printed on the 3D printer.

II. Roll Call

Trustees Present: Stephen Peterson, Jim Russell, Patti Salch, Kathy Vroman,
Stephanie Walden, Ruth Novosad

Trustees Absent: Ary Anderson

Others Present: Amy Dunham, Jeanne Hamilton, Kathy Jeakins, Colleen Shaw

III. Introductions

There were no introductions.

IV. Public Comment

There was no public comment.

V. President's Report

President Ruth Novosad made available the current ALA Magazine to the entire GPPLD Board. Ruth shared a recent BPL Bookmobile postcard she received. Colleen explained how she worked with Marketing to gather the postal route (carrier route) to better target the neighborhoods they need to reach. Ruth expressed her interest in utilizing the same type of design for a future GPPLD postcard mailing. Board presented a question and Director Hamilton answered regarding land parcels being annexed into City of Bloomington property taxing body.

VI. Approval of Minutes

A. March 16, 2022:

Hearing no objections, the minutes were approved as distributed.

VII. Staff Reports

A. Director's Report: Jeanne Hamilton, Library Director, shared an update on the Library Expansion project. There will be a groundbreaking ceremony later in the summer. Fundraising is going well. \$663,418 in donations and pledges has been received, with \$3,650 received on Library Giving Day. The goal is \$1.25 million.

B. Outreach Report: Colleen Shaw, Circulation and Outreach Services Manager, shared the current Bookmobile schedule and provided copies for Trustees to share with their neighborhoods. Colleen shared the most recent changes to the stops as well as new stops. At a recent McLean County Re-Entry Council meeting, Michelle, Outreach Coordinator, was elected as Treasurer and that Colleen was elected as Vice-President. There is a Second Chance Month event scheduled for April 30 at Miller Park. This Council is working on providing opportunities for individuals re-entering the community after incarceration in order to have a successful impact on the individual, their families, and the community. Board Member Stephanie Walden shared that on the Bookmobile schedule it states that the Arrowsmith stop is at the Village Hall and is not at that location. It should say Water Department instead of Village Hall. The Mayor of Arrowsmith will be happy to post a sign "Bookmobile Stops Here" or similar.

- C. Financial Report: Kathy Jeakins, Business Manager, provided the reports in the Board packet. There has been minimal activity recently. Kathy offered to answer any questions.

VIII. New Business

A. Discuss Process to Obtain Funds from Maturing CD

At the First State Bank, GPPLD has a CD that is maturing on May 8, 2022, in the amount of \$84,999.80. Ruth will contact First State Bank and inform them that GPPLD is not renewing the CD. Ruth will pick up the check when it is ready and deliver the check to Kathy Jeakins, Business Office Manager. The money will be held in the GPPLD checking account until after July 1, 2022, and then paid to the Bloomington Public Library Foundation as the second capital campaign donation installment. Waiting until after July 1, 2022, allows the money to be included in the FY23 budget per the auditor's recommendation.

IX. Old Business

There was no Old Business to come before the Board.

X. Comments from Trustees

- A. Patti Salch shared about the passing of former Board Trustee, Adrienne Ives. Her family shared this information for any library staff or anyone who worked with Adrienne over the years:

Re: Nonresident Fee

According to Illinois state law, library boards must annually take action on whether to offer nonresident cards and, if participating in nonresident services, to determine the fee for the cards based on calculations outlined in the law.

Nonresident cards are only available to people who reside in areas without a public library, for example, Le Roy. People who reside in areas served by libraries are eligible for reciprocal library accounts at no charge.

We have participated in nonresidents services for many years and for the past two years, we have followed the “tax bill method” (essentially what the nonresident would pay if their property were located in the Library’s service area).

Last year, a law was passed *requiring* any libraries providing nonresident cards to waive the fee for K-12 students that are eligible for free or reduced lunch. Now this year, a complimentary law was passed *allowing* libraries to choose to extend that fee waiver to all people under 18. As this continues to be a very minimal impact on our revenues, with only 10 households receiving nonresident cards, it would be my recommendation to take advantage of this new law and extend that fee waiver to all people under 18.

Therefore, I recommend continuing to use the tax bill method for nonresident property owners, charging a fee of 15% of the monthly rent for nonresident renters, and waiving the fee for all people under 18 applying for a nonresident card.

Re: Sale of Surplus Artwork

The Bloomington Public Library has approximately 147 pieces of art that it has accumulated through purchases and donations through the years. In 2007, an appraisal was conducted on many of the art pieces. Using that, documentation regarding donations, and the vision for the expanded library, it is my recommendation that we retain 95 pieces.

For the remaining 52 pieces of art:

- It is estimated that 40 of the pieces of art are worth \$1,000 or less. Within our surplus policy, those materials may be disposed of in an appropriate method determined by the Library Director. It would be my intention to evaluate the condition and content of these materials to determine whether to sell, donate, or discard the items.
- It is estimated that 12 of the pieces of art are worth more than \$1000. Those items and my recommendation are listed below.

1. "Her First Sorrow", Unknown Artist, White Marble Statue, Appraised Value \$1,500

- Recommendation: Donate to Museum

2. "Portrait of Miss Nellie Parham", Alice Saylor, Oil on Canvas, Appraised Value \$7,000

- Recommendation: Donate to Museum

3. "Portrait of Davy Weldon", George Peter Alexander Healy, Oil on Canvas, Appraised Value \$9,000

- Recommendation: Donate to Museum

4. "Portrait of Sarah Withers", Unknown, Oil on Canvas, Unappraised

- Recommendation: Donate to Museum

5. "London/Brighton/The Tantivy" Carriage, Unknown Artist, Toy, Appraised Value \$1,500

- Recommendation: Sell via public auction

6. "Landscape in Green", Walter Shirlaw, Oil on Canvas, Appraised Value \$2,500

- Recommendation: Sell via public auction

7. "Girl With Straw Hat", Silas Jerome Uhl, Oil on Canvas, Appraised Value \$4,000

- Recommendation: Sell via public auction

8. "Sheep in Hay", Alfred E. A. Montgomery, Oil on Canvas, Appraised Value \$6,000

- Recommendation: Sell via public auction

9. "Madonna of the Chair", Raphael After, Oil on Canvas, Appraised Value \$6,000
▪ Recommendation: Sell via public auction

10. "Landscape of Three Trees in Pond ", Jane Rutledge, Oil on Canvas, Appraised Value \$6,500

11. "Forest Landscape ", Max Weyl, Oil on Canvas, Appraised Value \$8,500
▪ Recommendation: Sell via public auction

12. "General Custer", William Brooke Thomas Trego, Oil on Canvas, Appraised Value \$18,000

1.10 Purchasing

These purchasing policies are to be followed in the purchasing of materials, supplies, construction, and services for the Library.

Purchases of the Library are governed by the State of Illinois statutes. Further, it is the policy that all purchases, contracts, and expenditure of funds shall be awarded to the lowest responsible bidder or supplier considering conformity with specifications, terms of delivery, quality, and serviceability.

The Library is required by Federal law to engage in a policy of strict nondiscrimination in employment without consideration of race, color, religion, sex, age, national origin, marital status, veteran status, and/or physical or mental disability unrelated to ability. Federal law also requires the use of provisions in every contract or purchase order that require contractors and subcontractors to conform to strict nondiscrimination practices.

All employees shall be responsible for adherence to these purchasing policies and to the National Institute of Government Purchasing Code of Ethics.

All purchases of goods and services should be made within the parameters of the approved working budget and shall be approved by the Board of Trustees in the form of a monthly bills list.

Any	Multi-year agreements or leases	For the first year of the agreement/lease, follows the appropriate purchasing policy guidelines listed above. The Director is authorized to approve the subsequent payments for the remainder of the agreement period.

Once the proper procedure to make a purchase has been completed, staff making the purchase recommendation may work with the vendor to finalize the purchase and sign any applicable vendor contracts.

*Explanations of exemptions:

- Sole Source: Only one sole vendor exists. If there is truly one vendor, then the transaction being considered is non-biddable and a bid exemption can be granted. This rarely occurs. A signed quote from the vendor must be obtained.
- Limited Source: A much more common exemption may be granted if a good or service provided by a specialized supplier meets or exceeds the Library's specifications, or for improved public service or long term operations needs of the Library based on security, patents, copyrights, critical need for responsiveness, proximity, Federal, State or other regulations, necessary replacement parts and/or compatibility, warranty.
 - A good example: The Library uses Dell computers and Microsoft software products and licensing and has invested years of money and training into these purchases. Therefore, creating a limited source for operational reasons.
- Per State/Federal Statute: Explicit Bid Exemptions exist within the law (75 ILCS 5/5-5) for legal and employment related services (testing, occupational, employment contracts), collection agencies, employment related trade and professional organizations, and lobbying groups.

Procurement Cards (P cards)

Procurement cards (P cards) are essentially credit cards and are issued to employees who are responsible for making purchases or paying bills on behalf of the Library.

- Library P card holders will follow the City policies and guidelines for P cards unless specified otherwise in this policy.
- The purchasing procedures listed above also apply to any purchase made with a P card.
- P cards are not to be used for personal purchases under any circumstances.
- While it is preferred that P cards are not used if the vendor attaches a processing fee, a P card purchase with a processing fee is acceptable if it is the only accepted method of payment or the only method of payment that will meet a payment deadline. Most P Card holders have a monthly maximum of \$1,000; those with higher than a monthly maximum of \$1,000 must be justified and approved by the Library Director.

Fixed Assets

The procedures listed above also apply to the purchase of fixed assets. The Library maintains a fixed asset replacement schedule which is revised annually to reflect the addition of new items. A dollar amount is transferred each year from the operating budget to the fixed asset replacement fund to plan for the replacement of fixed assets, such as furniture and equipment. The threshold for determining if an item is a fixed asset is:

1. The item is not consumable and has a useful life expectancy of greater than one year.
2. The cost of the item, which includes delivery and set-up charges, is greater than \$5,000.
3. Individual parts that cannot stand alone or be used individually may be grouped together to be considered a fixed asset. For example, the individual components of a desk may not cost \$5,000 each, but the sum of the parts together, if over \$5,000, make the item a fixed asset.

1.11 Disposal of Surplus Property

The Library may from time to time have property or equipment that is no longer needed for its operations. For purposes of this policy, "surplus" is defined as any tangible, personal property owned by

the Library that is not needed at present or in the foreseeable future or that is no longer of value or use to the Library.

The Library Director shall coordinate the disposition of surplus property and shall aid the Board of Trustees by determining what should be declared surplus and the best method of disposal.

- Items of any value may be donated or sold to the City of Bloomington, any other tax supported library, or Illinois Library System.
- Items determined to be worth \$1,000 or less may be disposed of in an appropriate method determined by the Library Director.
- Items determined to be worth more than \$1,000 may be sold after publishing a notice in accordance with 75 ILCS 5/4-16.
- If the property has been offered in one of the above manners and not been able to be sold, the property shall be considered worth less than \$1,000 and may be disposed of in an appropriate method determined by the Library Director.

Surplus property sold by the Library is sold in "as is, where is" condition without warranty, either express or implied, with payment on delivery expected.

Re: Temporary Storage

Caprice has diligently worked to explore temporary storage options for part of the Library collection during the phased construction. There is currently a shortage of storage facilities, particularly conditioned storage (necessary to protect the books) in the Bloomington-Normal area so we explored a variety of potential, creative options.

We anticipate needed storage for approximately 15 months. All of the storage options provided either an entirely month-by-month option or a month-by-month option after the first year. Based on the way the quotes were provided, we have included the cost of 12 months below for comparisons.

We spoke with two separate moving companies about their storage options. One provided an estimate of \$53,586 and the other provided an estimate of \$30,000, both for storage costs only.

We also spoke with two separate property managers about retail locations that could be used for storage. One provided an estimate of \$26,400 + utilities for approximately 2,040 square feet and the other provided an estimate of \$26,400 including utilities for approximately 2,600 square feet.

It would be our recommendation to waive the competitive bid process and authorize the Director to enter into a contract to lease approximately 2,600 square feet of space located at 1316 E. Empire, Bloomington, IL intended for storage purposes.

A RESOLUTION TO WAIVE THE COMPETITIVE BID PROCESS AND AUTHORIZE THE DIRECTOR TO ENTER
INTO A CONTRACT TO LEASE STORAGE SPACE

Be It Resolved by the Bloomington Public Library Board of Trustees, Bloomington, Illinois,

1. That the Library needs conditioned storage space for part of the Library collection during phased construction
2. That the Library staff looked at a variety of creative options due to the current storage facility shortage which would be difficult to capture via a competitive bid process
3. That the competitive bid process be waived
4. That the approximately 2,600 square feet of space located at 1316 E. Empire, Bloomington, IL meets the Library's storage needs
5. That the approximately 2,600 square feet of space located at 1316 E. Empire, Bloomington, IL is the most economical option
6. That the Library Director is authorized to enter into a contract to lease the space located at 1316 E. Empire, Bloomington, IL
7. That the funds come from the following source:
